

## DENVER ARTS & VENUES 2020 DENVER MUSIC ADVANCEMENT FUND APPLICATION WORKSHEET

Please use this document to help prepare for your [online application](#).

Launched in 2018, the Denver Music Advancement Fund has provided over \$200,000 to support initiatives that advance the *Denver Music Strategy* and *IMAGINE 2020*, Denver's cultural plan. The goal of this fund is to ensure that music continues to drive economic vibrancy, builds a more resilient, equitable and connected city, and creates positive social change through music-centered programs.

In 2020, Denver Arts & Venues is matching funding from Illegal Pete's, and our NEW partner, Take Note Colorado to provide a total of \$75,000 towards these grants.

As we respond to the COVID-19 health crisis and address racial inequities in our city, this fund continues to provide a platform to elevate the vital role music can play in addressing community needs and social justice.
